

CONGRATULATIONS TO ALL 2014 APPLIED HEALTH SERVICES RESEARCH GRANT RECIPIENTS!

January 6, 2015 - Research Manitoba is pleased to announce the 2014 Applied Health Services Research Grants. The funds that support Research Manitoba's Applied Health Services Grants are provided through the Winnipeg Regional Health Authority.

Research Manitoba partnered with Manitoba Health, the regional health authorities, and the George and Fay Yee Centre for Healthcare Innovation (CHI) to support applied health services research. This focus area is important to the health system in Manitoba and supports collaborations between policy makers, service providers, and researchers interested in working together to address health system challenges.

The awards are given to the top researchers in the competition based upon submitted applications that have been peer-reviewed and scored. This grant provides funding up to \$100,000/year for up to two years (maximum \$200,000).

Funded Applicants: 5

Name Department Institution	Project Title
Dr. Depeng Jiang <i>Department of Community Health Sciences (Medicine)</i> <i>Faculty of Health Sciences</i> <i>University of Manitoba</i>	The PAX Program in Manitoba: A Positive Approach to Promoting Mental Health and Wellbeing

Dr. Harminder Singh <i>Department of Internal Medicine (Medicine)</i> <i>Faculty of Health Sciences</i> <i>University of Manitoba</i>	Optimizing colonoscopy procedures and reducing unnecessary and over use
Dr. Navdeep Tangri <i>Department of Internal Medicine (Medicine)</i> <i>Faculty of Health Sciences</i> <i>University of Manitoba</i>	Risk Based Triage and the Transition from Primary to Nephrology Care

About Research Manitoba

Research Manitoba promotes, supports, and coordinates the funding of research in the health, natural and social sciences, engineering, and the humanities in Manitoba. Research Manitoba was established in June 2014 as a new provincial research funding organization that brought together Manitoba's existing research funding sources (the Manitoba Health Research Council (MHRC), the Manitoba Research and Innovation Fund, the Health Research Initiative, and the Manitoba Centres of Excellence Fund). Research Manitoba advises the Minister of Jobs and the Economy on matters related to research, and from moneys received from the Province, provides funds for research through a number of grants and awards programs.
