Research Manitoba's Budget

A Message from Ms. Christina Weise, Chief Executive Officer, Research Manitoba

Research Manitoba has a new annual budget of \$12 million, which is a \$3 million reduction from the 2017/18 fiscal year. We will continue to promote and support, and coordinate the funding of, research in the health, natural and social sciences, engineering and the humanities in Manitoba.

The Board of Directors and staff are in the final stages of an extensive strategic review of our activities. These efforts will help us to forge a new set of programs and organizational direction, which will be announced shortly.

We are committed to keeping our stakeholders and members of the research community informed throughout this process.
