Research Manitoba's 2020 Grants & Awards Competition

Research Manitoba invites you to apply to the 2020 Grants & Awards Competition; the following programs are now open:

- New Investigators Operating Grants
- Master's Studentship
- PhD Health Research Studentship Award
- Health Research Postdoctoral Fellowship

The purpose of the 2020-21 Research Competition is to support highly qualified trainees and early career researchers who are advancing Manitoba-based research.

The research applications will undergo peer review by experts in Manitoba's research enterprise and will be ranked within their respective groups.

We are pleased to partner with the following organizations:

- CancerCare Manitoba Foundation
- Children's Hospital Research Institute of Manitoba supported by The Children's Hospital Foundation of Manitoba
- Health Sciences Centre Foundation
- Lung Association, Manitoba

For more information about the programs, partnership, eligibility, and deadlines please visit our website www.researchmanitoba.ca.

You can also email us at helpdesk@researchmb.ca with any questions you may have during the application process.
